

ZVYC BYLAWS: STORAGE & PARKING OF ROWING AND SAILING BOAT TRAILERS

Boats which are not either in their shed or respective parking bays may be moved at the owner's risk to a storage space determined by management. A map, indicating the respective parking bays is available at the Clubhouse.

ROWING TRAILERS

Rowing boat trailers can be loaded Monday to Friday prior to departure to a regatta. These trailers must be **loaded in Governors Walk and then** parked on the East Lawn.

All returning trailers must **be immediately unpacked or stored on the East Lawn and then** removed from the club premises **or parked in their designated areas by midnight on Thursday. No trailer, packed or unpacked to be left unattended in Governors Walk.**

Rowing trailers which are not removed within the specified time will be locked pending the payment of a **R500** release fee.

YACHT TRAILERS

Returning yachts on trailers should be stored in their respective boat parking bays; on the East Lawn or another designated place (if a wedding is booked) as determined by management until the following weekend. **Trailers to be removed from the East Lawn by midnight Thursday.**

All yacht trailers must be removed from the club premises once the boats have been offloaded. Yacht trailers can be stored in the trailer park for short or long-term storage for a fee as published in the clubhouse, provided that storage space is available.

Unattended trailers may be moved to the trailer park at the owner's risk. A **R500** release fee will apply for the temporary storage of one week, thereafter weekly storage fees will apply.

GENERAL

Should you need to deviate from the above bylaw, please contact the office to make specific arrangements for your circumstance.
